Just a touch of love, a little bit  
Just a touch of love  
Just a touch of love, a little bit  
Just a touch of love

Makes me shine just a little bit, just a little bit  
With just a touch of love  
In my mind baby, just a little bit, just a little bit  
You got to  
Keep me high baby, just a little bit, just a little bit  
With just a touch of love  
Can we spend some time?  
Can we spend some time? Ooh baby, baby

Just a touch of love, a little bit  
Just a touch of love  
Just a touch of love, a little bit  
Just a touch of love

Just a touch of your love all the time to my mind  
Just enough of your love to my mind keeps me high  
Just a touch of your love all the time to my mind  
Just enough of your love to my mind keeps me high

Just a touch of love, a little bit  
Just a touch of love  
Just a touch of love, a little bit  
Just a touch of love

Need it now, just a little bit, just a little bit  
With just a touch of love  
Makes me frown baby, just a little bit, just a little bit  
You got to  
Send fire through my spine, just a little bit, just a little  
bit  
With just a touch of love  
Can we spend some time?  
Can we spend some time?

Just a touch of love, a little bit  
Just a touch of love

Just a touch of love, a little bit  
Just a touch of love

Just a touch of your love all the time to my mind  
Just enough of your love to my mind keeps me high  
Just a touch of your love all the time to my mind  
Just enough of your love to my mind keeps me high

Just a touch of love, a little bit  
Just a touch of love  
Just a touch of love, a little bit  
Just a touch of love

Makes me shine just a little bit, just a little bit  
With just a touch of love  
In my mind baby, just a little bit, just a little bit  
You got to  
Keep me just a little bit, just a little bit  
With just a touch of love  
Can we spend some time?  
Can we spend some time?

Just a touch of your love all the time to my mind  
Just enough of your love to my mind keeps me high  
Just a touch of your love all the time to my mind  
Just enough of your love to my mind keeps me high

Just a touch of your love all the time to my mind  
Just enough of your love to my mind keeps me high  
Just a touch of your love all the time to my mind  
Just enough of your love to my mind keeps me high

Just a touch of your love all the time to my mind  
Just enough of your love to my mind keeps me high  
Just a touch of your love all the time to my mind  
Just enough of your love to my mind keeps me high
