Yeah, yeah, yeah, uh huh  
I'm wanna do it again  
And again and again and again  
And again and again and again  
(Double Up, Bad Boy)  
Won't stop, it can't stop  
(Double Up, H-world)  
Won't stop, can't stop  
(It's not a game)

You know, no matter where you go  
There's no duo that you know  
Get loot though and still love the chulo's  
We talk more spinnin', girls our coolo  
Than any other members and you're part of my new  
dough

Get where mad cats live and pray  
I don't like where I'm at? Call a Lear, get away  
Y'all lay away, I pay and get today  
Things you save for, I probably give away, yeah

And with Puff? Who woulda think  
Plain Jesus piece, diamond Cuban Link  
Salvation Army when I'm through with the mink  
I buy the whole bar, my crew don't even drink

We do sets behind the 'neck  
That's my Denale, right behind the Lex  
Like girls that find their sex get all kinda respect  
When I'm 40, I'mma get all kinda checks

You want us do it again? Yeah  
'Cuz we can do it again, uh huh  
You want us do it again?  
All you gotta say is do it again, do it again

You want us do it again? Yeah  
'Cuz we can do it again, uh huh  
You want us do it again?  
All you gotta say is do it again, do it again

Spend big, you spend a little  
So I take what's big and you take what's little  
I bring a full stage straight up the middle  
Girl too tight? Break the middle

Now, why be the illest, if your money ain't the realist?  
Mad cats hate on me, mad girls feel it  
Cut a chick off, let Mase mess wit' her  
Pre-nup these girls, so I'm never stuck wit' her

Wanna coup our group, nine eight car  
Doin' 20 in a Bentley, even wit' out a radar  
You minor, I'm major, I don't play par  
I'm a shining pay star with diamonds from Quasar

Peep all your script, I don't wanna pay y'all  
Let me tear wit' my kids, it's what your days are  
How the F, you duck infrared laser  
So my sympathy goes out to the lady that made y'all,  
yeah

You want us do it again? Yeah  
'Cuz we can do it again, uh huh  
You want us do it again?  
All you gotta say is do it again, do it again

You want us do it again? Yeah  
'Cuz we can do it again, uh huh  
You want us do it again?  
All you gotta say is do it again, do it again

Yo, marchin' around the world and met no man  
That had ice like Frosty, the Snowman  
And though my name Mase, what does it mean?  
Dolla sign, no matter what I do, make C.R.E.A.M.

Out of famine steak greens, Miller A-teams  
And grew up pretty 'cuz my pop got great genes  
I hold it down now that B.I.G. gone  
I hit butt naked and then keep my kicks on

I don't get my Cris on, I throw a brick on some young  
bad chick  
That lolly probably flipped on  
You better get goin', you wanna live long  
Can't nobody protect me like my tres cinco siete

If you front, you'll just read about it next day  
I'm that cat you know, you got killer respect  
Stay out my way, if you're feelin' my threat  
You'll know it's real when you face feel a Gillette

And I come through the club, with your deal on my  
neck, come on

All out  
All out, Bad Boy  
What, all out, all out  
Let's go

You want us do it again? Yeah  
'Cuz we can do it again, uh huh  
You want us do it again?  
All you gotta say is do it again, do it again

You want us do it again? Yeah  
'Cuz we can do it again, uh huh  
You want us do it again?  
All you gotta say is do it again, do it again

You want us do it again? Yeah  
'Cuz we can do it again, uh huh  
You want us do it again?  
All you gotta say is do it again, do it again

You want us do it again? Yeah  
'Cuz we can do it again, uh huh
