[Chorus:]

I love the way we dance
In the back of the club
Boy you know you drive me crazy
When you hold my body close to yours
Make me feel like I'm your baby
I just met you
But I'll show you
What do to do it right
We'll be dancing
Just relaxing
We in the back of the club all night

[Verse 1:]

When I stepped in the club
Can't wait to have a little fun
ME and 'bout five of my girls
All done up
Made our way through the crowd
The music was so damn loud
When I spotted you out
I just frose up

[Bridge]

You took my hand
And said baby come dance with me
I know you wanna party with me, I know you want to
rock with me
In the back of the club is where I'll be

[Chorus:]

I love the way we dance
In the back of the club
Boy you know you drive me crazy
When you hold my thigh
Real close to yours
Make me feel like I'm your baby
I just met you
But I'll show you
What to do to do it right
We'll be dancing
Just relaxing

We in the back of da club all night

[Verse 2:]

Boy you know you look so good
Feeling you like I should
But it's getting kinda late
This could be our love
Starin in my face
Moving to the beat of the song
Wish it could last all night long
Don't want it to be over

[Bridge:]

You took my hand
And said baby come dance with me
I know you wanna party with me, I know you want to
rock with me
In the back of the club is where I'll be

[Chorus:]

I love the way we dance
In the back of the club
Boy you know you drive me crazy
When you hold my thigh
Real close to yours
Make me feel like I'm your baby
I just met you
But I'll show you
What to do to do it right
We'll be dancing
Just relaxing
We in the back of da club all night

La la la la
La la la la
Lalalalalaalal la

[Chorus:]

I love the way we dance
In the back of the club
Boy you know you drive me crazy
When you hold my thigh
Real close to yours
Make me feel like I'm your baby
I just met you
But I'll show you
What to do to do it right
We'll be dancing
Just relaxing
We in the back of da club all night
