[verse 1:]

Uh

Here we are again

Cuz we won't leave, I don't wanna go, you don't wanna
leave

For once let's be honest

To what we're feeling, is more than just sex babe(yeah)

Don't rush please stay(please stay)

[Hook:]

Cuz even though we say we're gonna be just
friends(come on,uh)

Bring everything else to an(end and)
(come on)

When I see you,(I see)you see me(you see)things get
deep, our hearts meet

You gotta know(know)

[chorus:]

It's ok

You don't have, to blame it on the drink

It's ok(it's ok)

I'm missing you, you missing me

It's ok(whoa,whoa, ooh whao whao, yeah)

We broke up, but still in love

It happens

It's ok

(whoa)It's ok

You don't have, to blame it on your friends

It's ok

(whoa) You wanna know, where I been(you wanna know
where I been)

It's ok

We broke up, but still in love

It happens

It's ok

[Verse 2:]

Here we are again

Cuz we gotta be, underneath you

Holdng me

This ain't no type of flame

It's the real thing, to people in love
Crazy in love(so please wait)

Cuz even though we say we're gonna be just friends
Bring everything else to an(end and)
When I see you(I see)you see me(you see)things get
deep,our hearts meet
You gotta know(know)

[chorus:]

It's ok
You don't have, to blame it on the drink
It's ok(whoa whoa, whoa)
I'm missing you, you missing me

We broke up, but still in love
It happens(it happens)
It's ok(it's ok)
