Can I call you gone? cause it's shorter than I'm losing  
You. room 209 is filled with 3 so I'll tell the operator,  
I'll jump off to start a scene.  
-way before you even knew what was wrong, you knew  
what  
Youknew what you were getting yourself into.  
-And you were wrong when you said that you come to  
no  
One. define come over and how do you spell dead  
again?  
Cause if it starts with "s" I guess I must be oh so close  
And oh so far away. Here we go again don't worry  
"lynn"  
It's almost over, it's almost over.  
-Way before you even knew what was wrong, you knew  
what,  
You knew what.  
- a glass of one inch of water, that's how shallow I can  
Barely step in him. that's me blank space blank. this  
Pushover. p-u-n-k. I want to be with you. blonde hair and  
Greeneyes I dance with wolves.  
-hey greeneyes don't talk about bus rides or wax lips...  
(we  
Don't talk about this)  
-way before you even knew what was wrong you knew  
what,  
You knew what.  
-another word for male, seven days, what a show, what  
a  
Show, what show, no seatbelts attached, if you don't  
want  
To talk that's cool too. I'll watch you drive away like  
June.
