Followed you to Killer's Creek
On motorcycle
The streets were fast, filled with flames
Kids were screaming

Talk to me, please I beg you, I'm a wounded man
And all is lost if trust is broken, help me understand
Promise me you won't let me go

Standing by the empty creek
Fish are flipping
The air is hot and filled with sun
My head is swimming

Talk to me, please I beg you, I'm a wounded man
And all is lost if trust is broken, help me understand
Promise me you won't let me go

If you fail me, please don't fail me now
If you fail me, please don't fail me now
If you fail me, please don't fail me now
If you fail me, please don't fail me now

I'm trapped beneath twisted steel
My legs are broken
I look at you, I'm waiting for
Your eyes to open

Talk to me, please I beg you, I'm a wounded man
And all is lost if trust is broken, help me understand
Promise me you won't let me go
