Here we go!

Call me over, I'll be sleeping on your bed  
Kill me softly, I'll be writing the words you said  
I just wanna see your face  
I just wanna, wanna see your face  
Come and get me out of this place  
Come and get me out of this place

Oh god I better figure this out  
My heart is racing while you lay down  
You've got the answer on the tip of your tongue  
I'll kiss you and touch you then the truth will come

Look in my eyes, I'm in love, please believe me  
A kiss and a touch, girl, you aim to deceive me  
What am I supposed to do without you?  
This is a game and I'll play if you want to

Call me over, I'll be sleeping on your bed  
Kill me softly, I'll be writing the words you said  
I just wanna see your face  
I just wanna, wanna see your face  
Come and get me out of this place  
Come and get me out of this place

This is it, I'm leaving tonight  
My back was turned and she used a knife  
You broke my heart, you know damn well  
Don't touch me now, don't cast your spell

Look in my eyes, I'm in love, please believe me  
A kiss and a touch, girl, you aim to deceive me  
What am I supposed to do without you?  
This is a game and I'll play if you want to

Call me over, I'll be sleeping on your bed  
Kill me softly, I'll be writing the words you said  
I just wanna see your face  
I just wanna, wanna see your face  
Come and get me out of this place  
Come and get me out of this place

This is it  
This is it  
This is it  
Bye, my dear

Call me over, I'll be sleeping on your bed  
Kill me softly, I'll be writing the words you said  
I just wanna see your face  
I just wanna, wanna see your face  
Come and get me out of this place  
Come and get me out of this place
