Well she moves so fast
Then takes it slow
Then puts her hands on the floor
And looks at me and says
Ooooh baby

I love the way her body moves
And how she gets into that groove
Then she says
Come on baby

She's going to leave but I keeps on sayin
Maybe if you will, then I will leave

She got me
Down on my knees
She's got me
Beggin please
Oooh baby
Got to get all above

She's got her hands around my waist and were face to
face
Ooh baby
Good luck to a little love

Well she knows I will hold you through the night
And knows I'll make you fell alright
I see you baby
I love how her hair flys around
And gets on the ground
And turns to me and says
Ooh baby

She's going to but I keeps on sayin
Maybe if you will, then I will leave

She got me
Down on my knees
She's got me
Beggin please
Oooh baby

Got to get all above

She's got her hands around my waist and were face to
face

Ooh baby

Good luck to a little love

(She got me

Down on my knees

She's got me

Beggin please

Oooh baby

Got to get all above)

She's got her

(Hands around my waist and were face to face

Ooh baby

Good luck to a little love)

She got me

Down on my knees

She's got me

Beggin please

Oooh baby

Got to get all above

She's got her hands around my waist and were face to
face

Ooh baby

Good luck to a little love
