"Let Me Know Where You're Goin'"

Visit "[Let Me Know Where You're Goin'](#)" on MotoLyrics.com

Let me know where you're going
Let me know where you been
Take it easy when your showin
Things you want to do again
You don't have to follow
All the ways you were before
You can look behind tomarrow
You can look behind the door
Let me know where you're going
Let me know where you been
Take it easy when your showin
Things you want to do again
You don't have to follow all the ways you are before
You only can look right straight behind the door
Let me know where you're going
Let me know where you been
Take it easy when your showin
Things you want to do again
You don't have to follow all the ways you are before
You only can look behind tomarrow
You can look behind the door
Let me know where you're going
Let me know where you been
Take it easy when your showin
Things you want to do again
