Sick at heart and not quit sane
You are seething with anger
This war is driving you insane
You feel an urge to slaughter
Volunteer
Young recruit
You're about
To lose your nerves
Shocked by the horrors of war
You can't keep your self control
Really hit hard by this war
Now you want to kill them all
Volunteer
Young recruit
You're flying
Into a rage
Exhausted
You are tense
Excited
You're in trance
Outburst of fury
You're killing blindly
Outburst of fury
Revealing cruelty
Impulsive
Reaction
Instinctive
Brutality
Taking leave of your sense
You're facing the enemy
Committing atrocities
Indiscriminately
Tormenting
Destroying
Old women
And children
Getting into a fury
And feeling the crime
Shooting indifferently
And destroying the live
Full of hatred
Your end is near

Death to the traitor
Prepare

To die soon
There is no place
For you and your kind
It's too late
To regret
I wanna take revenge
On you for what you've done
I'm gonna take vengeance
Then justice will be done
You'll pay for this
Sooner or later
Don't forget
I'll get you
Don't try to hide
There is no escape
It's too late
You must die
Bastard it will cost you your life
You will die a violent death
I will put an end to your life
Torture and slow acting death
It's useless to protect yourself
And don't try to hide
Determined to avenge numbered
I'm full of hatred
Your end is near
Death to the traitor
Prepare
To die soon
There is no place
For you and your kind
It's too late
To regret
I wanna take revenge
On you for what you have done
I'm gonna take vengeance
Then justice will be done
You have not much longer to live
You'll receive your punishment
You have no alternative
It will be your last judgement
