Set... me... free  
Let... me... out  
What right have you to keep me as a hostage  
I'm not crazy  
What right had you to sentence me for life  
I'm not guilty  
You kept me in confinement  
I've been there for a long time  
And I've lost all scence of time  
Allways confined in the dark  
No rays of light, no land of mark  
I must be out of my mind  
I feel that I'm going blind  
You treat me roughly  
And mercilessly  
I'm here to stay  
In the name of the law, I'm sentenced for life  
I'm embrassing witness  
'cause I know things that I should'nt know  
I've got into a fucking'mess  
Why did I decide to go to law?  
Corruption took the place of justice  
I want to get out of this cell, fo this jail  
You treat me roughly  
And mercilessly  
I'm here to stay  
In the name of the law, I'm sentenced for life  
Since my last disapperance  
No one knows my existence  
Now I'm rotting in prison  
No escape, no solution  
I felt about in the dark  
But I've naver found a gap  
Some rats kept me company  
And I ate them heartly  
You treat me roughly

And mercilessly  
I'm here to stay  
In the name of the law, I'm sentenced for life  
Far away, bloodstained banners of death  
Iron, leather, around warriors

The state of siege's gonna be declare  
Spreading panic, It's a nightmare  
Swords gleam in the sun  
We've got no place to turn  
Murderous knights, resolute besiegers  
Fortified castle, proud defenders  
Terrible fights, pitiless invaders  
Standing in fear the confrontation  
Needless to be under delusion  
They've come to over'run the land  
We've gonna hold out to the end  
Trapped in this castle  
Life and death struggle  
No surrender, there'll be no prisoner  
Invasion, devastation  
No surrender, facing the invader  
Starvation, war of attrition  
They've come to build a new empire  
Flames and smoke, the place is on fire  
The battle is raging  
Constant harassing  
Hopeless end, desperate struggle  
Throes of death rattle for days on end  
Coveted land, never ending battle  
No surrender, there'll be no prisoner  
Invasion, devastation  
No surrender, facing the invader  
Starvation, war of attrition
