

Massacra "Sublime Extermination"

Visit "[Sublime Extermination](#)" on MotoLyrics.com

God gave birth to the human race
What a fuckin' mistake!
Perversion
Corruption
Decadence and vice
Men forget they belong to this earth
They'll pay for this neglect
Pollution
Destruction
Regardless of life
Apocalypse
Sublime extermination
Earthquakes / Deluge and floods
Now men submit to god's wrath
Death sentence and divine bloodbath
Chaos / Fire and storms
Apocalyptic doomsday

The seven deadly sins men pay
God the father shows no mercy
No forgiveness of sins
God punish
Men perish
The final judgement
The mother earth turns against all men
Repairing disaster
Giantic
Cataclysm
The new lease on life
Revelation
Sublime extermination
