Enter into the Netherworld  
Forbidden tombs of horrors  
Unhallowed Darkened Abyss  
Full of Grotesque mutations

Obscure shadows project  
From out of the Stygian black  
Chronic screams of terror  
Diabolical banishment awaits...

Transcend deeper into dark  
Astral gates unfold  
Crimson spirits awake  
Apparitional figures appears

Chorus:  
Pneumatic dead surpass

Supernatural beings exceed  
Trapped within this nightmare  
Exiled into the cryptic realms

Vanish beyond the grave  
Mystical perpetual sleep  
Cultivate visions and illusions  
Horrorfying universe of bizarre

Vaults of demonic doom  
Holding the hideous blackness  
Vortex of chaotic evil  
Monstrosities of death!

Repeat 1st verse, chorus
