

Massacre "Succubus"

Visit "[Succubus](#)" on MotoLyrics.com

Invoked from the cruptic realms
This grotesque spirit calls...
Invader of the beds of man
To rob the liquid of life!

Chorus:
Harlot of Death - spectre in red
Mistress of Lust - the Succubus!

Invisible fiend of nocturnal haunts
She rapes the will of man...

To impregnate her feverous womb
With the larvae of the damned!

Repeat chorus

Infused with the human seed
The screaming shade fades...
Only to return to darkness
To birth her morbid child

Repeat chorus
