You scream to die,
This is homicide,
It was my love,
That I had lost, (x2)

Blazing blood in my veins(x2)

I was filled,
With such a sense,
I will not stop,
Until ur dead, (x2)

She took this life for granted,

She starts to pray as she is mutilated,

I live for your death,
For your blood,
For your pain,
I am insane,

Her blood will soon be mine,
With the spirit of love,

I see death and no pain in my blood,

This heart,
This memories,
Will fall away from you(x4)

FALL AWAY FROM YOU!

(Fear and love)

Watch out death is coming out(x2)

All of the words,
You said was a lie, (x4)

ALL HOPE REMAINS DEAD!
