### "Breeding Hate"

Visit "[Breeding Hate](#)" on MotoLyrics.com

You created SATAN to blame him for your sins...  
Fall to your knees, impoten mad redeemer!  
I breed hate-- my soul is drenched with blood!  
I breed hate and evil takes control!  
No stifling dogma shall dim my thoughts!  
No more falsehood shall be truth to me!  
I spit in the eye of your weakling jehova!  
I refuse to serve your putrid will  
I refuse obedience to your lies  
I refuse to be the slave of god  
I refuse to serve the bastard son  
I'm the plage-- I'll spread my seeds of hate!  
You shall flee and never find your peace...  
Slaves of christ, obey his fucking lies...  
Slaves of christ, there's no paradise!
