A digital overload

Shes outta this world  
I gotta get her name and number  
If she was my girl  
I'd never spend a minute without her

Seeing the way she got them fellas  
Spending up all the dollars tryna  
Get her just to look their way  
But I know what I gotta do  
Gotta spend some time with you  
Cause I just wanna hear you say

And she got my heartbeat  
Moving up and down, look at me now  
Think I got a digital overload  
And I get this feeling every time that I see her  
Think I got a digital overload

She's got me sprung  
I can't get her outta my mind  
Could this be love?  
Cause shes sending me all the signs

And I see them fellas all around her,  
tryna holla at her but I know shes looking my way  
And I wanna make a move, cause I got no time to lose  
Then she said come back to my place

And she got my heartbeat  
Moving up and down, look at me now  
Think I got a digital overload  
And I get this feeling every time that I see her  
Think I got a digital overload

Shes got me ticking  
And I just cant lie  
Cause she got my heart beating out of time  
Shes got me ticking  
And I just cant lie  
Cause she got my heart beating out of time

And she got my heartbeat  
Moving up and down, look at me now  
Think I got a digital overload  
And I get this feeling every time that I see her  
Think I got a digital overload
