[chorus]

Push your body closer, cause girl I know what you want
Push your body closer, I know its turning you on
Push your body closer, you got me going insane
Push your body closer, make me remember your name

[verse1]

The sweetest girl, Iâ€™ve seen in my life
She moved her hips against me just the way that I like
Its getting strong, look me in my eyes
I wanna get a taste of you come into my life

I wish that Iâ€™ll make you say you want it
I wish that youâ€™d just stop teasing me
I wish that youâ€™ll come and get up on it
I wish that it could just be you and me

[chorus]

Pushing your body closer, cause girl I know what you want
Push your body closer, I know its turning you on
Push your body closer, you got me going insane
Push your body closer, make me remember your name

Its getting late, or is it early morning
Well I donâ€™t care cause aint no way ill leave this party
She said boy whats your name, I said call me Massari

Then shorty took my hands and put them all over your body

I wish that Iâ€™ll make you say you want it
I wish that youâ€™d just stop teasing me
I wish that youâ€™ll come and get up on it
I wish that it could just be you and me

[chorus]

Pushing your body closer, cause girl I know what you want

Push your body closer, I know its turning you on
Push your body closer, you got me going insane
Push your body closer, make me remember your name
