"Slaughter Of Christ"

Visit "[Slaughter Of Christ](#)" on MotoLyrics.com

Side by side we ride against the hordes of christ!
We rise from our graves... to annihilate!
Rippers of flesh... internal delirium
Destroyers of hopes;
Demonized!
Thousand years will pass again but terror never ends
IN AETERNUM IN TRIUMPHO
TENEBRARUM
Slaughter of christ
Thorns in his eyes
Death to the weakling
Wealth to the strong!
Time will pass and we wait
'til we'll slaughter and nail him
Again and again...
Your crucified saviour now cries in despair
We'll torment his soul 'til his death:
NAIL HIM! NAIL HIM!
