Trick your crank to set the score
Can you take the pain at all?
I try to understand you girl
Glad you got to earn it--
Fuck it up and let it go!

CHORUS:
Get your body beat,
Let your blood flow! (4x)

Get your body beat!

Doesn't matter what you say
Never understood at all
Don't give a fuck what people say
Glad your piece is just for show
Rub it, snake it, don't let go

Get your body beat,
Let your blood flow! (4x)

Get your body beat! (4x)

Get your body beat!
Let your blood flow! (8x)

Get your body beat! (2x)
