"Warriors Of Darkness"

We are the Warriors of Darkness!
We are the Night horde!
Spreading plague and destruction
Throughout the lands,
We conquer all!
Our enemies are trampled like
Crushed grains of wheat!
We bow before NO gods!

We are the Warriors of Darkness!
We are the Shadow horde!
We are the mighty; we are strong!
We are numberless...
We are not of this universe!
We are Chaos, and we are invincible!
Onward to victory!

We are the Warriors of Darkness!
We are the Night horde!
Spreading plague and destruction
Throughout the lands,
We conquer all!
Our enemies are trampled like
Crushed grains of wheat!
We bow before NO gods!
