I want to change the world
keep on holding on your desire
you will get a shining love
that you can reach alone
If you go on, to get your goal
it's wonderland

I felt so worried when I spent all the time
thinking of the future of us
'cause I know there's nothing
that I really want to know

and then I met she, so I could feel
what you should know: I finally find her love
and now I'm really feeling all right
'cause the nightmare has gone
this is the way to love you

I want to change the world
walk again, never miss the way
don't be afraid, I'm with you
and we can fly away
if you can stay with me forever

Change my mind
won't get lost if you passion's true
I'm gonna fly with you again
so you can spread your wings
and you will fly with me away
it's wonderland

We gotta swim against the tide and the flow
till the day when we'll get your goal
you will see that your desire
will be granted again

This is the feeling you'll understand
the troubled life...
it won't be too bad to face
and any problem you will see
will not be too hard
if I can walk beside you

I want to change the world
walk again, fight against the wind
don't be afraid to be true
'cause now you have to bring
the power of your smile in your face

Change my mind
keep on holding on your desire
you will get a shining love
that you can reach alone
If you go on, to get your goal
it's wonderland

I want to change the world
walk again never miss the way
don't be afraid i'm with you
and we can fly away
if you can stay with me forever

Change my mind
won't get lost if you passion's true
I'm gonna fly with you again
so you can spread your wings
and you will fly with me away
it's wonderland
