Liz Fraser

Love, love is a verb
Love is a doing word
Feather's on my breath
Gentle impulsion
Shakes me makes me lighter
Feather's on my breath

Teardrop on the fire
Feather's on my breath

Nine night of matter
Black flowers blossom
Feather's on my breath
Black flowers blossom
Feather's on my breath

Teardrop on the fire
Feather's on my breath

Water is my eye
Most faithful mirror
Feather's on my breath
Teardrop on the fire of a confession
Feather's on my breath
Most faithful mirror
Feather's on my breath

Teardrop on the fire
Feather's on my breath

You're struggling in the dark
You're struggling in the dark
