Listen, niggers think it's... up, I'm a fucking winner

Smoking on that sour got my eyes so hazy
I'm screaming fuck you came here

I look good, like I should, tripping this hood, you wish
you could
I get that heat, you can't see me
And if you're looking for me you know where to find me
yeah
Bitch I'm in the hood, I'm from the hood,
I'm in the hood, I'm from the hood
Bitch I'm in the hood, I'm from the hood,

I come from a new breed, take a look at the creation
Wrist is all froze like the ice that's on the glacier
Gotta keep my rate up cause that shit's my obligation
Can't stand to wait around cause a nigger to impatient

It's for the niggers side of the block of me
Cause I know the streets is watching me
But you can't get none from me, none from me

Trying to stay away from the flash lights
