[Verse 1:]

Spread your wings and catch the breeze
We could fly over storms that rain
Know your heart is safe with me
Love can be a destination
Wanna hold you through the morning
Wanna kiss you through the night
Anything I do just to see you smile again
Smile again

[Chorus:]

This ain't no ordinary love
You had the very best of me
I wanna feel you again,
But you're miles away, miles away
I wanna breathe you again
But you're miles away, miles away
Miles away, Miles away,
Miles away, Miles away,
Miles away

[Verse 2:]

So we cross the universe
I need to feel your heart beat again
Everyday I need you more
Well meet me where our love first born

[Chorus:]

This ain't no ordinary love
You had the very best of me
I wanna feel you again,
But you're miles away, miles away
I wanna breathe you again
But you're miles away, miles away
Miles away,
Miles away

[Chorus:]

This ain't no ordinary love
You had the very best of me
I wanna feel you again,

But you're miles away, miles away
I wanna breathe you again
But you're miles away, miles away
Miles away
