I look on the past, things I used to do,  
The games we used to play, the girls that didn't last.  
I know it's on your mind, think I'm doing wrong  
Cannot see, but it's real, you are the only one.

When I'm not around, do you think of me?  
Or you're the jealous one that claiming me to be  
You should know by now that it's gonna take  
My life trust from you for us to make it.

You should know, baby, you're my angel  
And nothing's gonna make you fall from Heaven  
Girl, I'm just gonna love you.

Don't listen to what people say,  
They don't know about, about you and me.  
Get it out your mind, 'cause it's jealousy  
They don't know about this, dear.  
Don't listen to what people say,  
They don't know about, about you and me.  
Get it out your mind, 'cause it's jealousy  
They don't know about this, dear.

Girl, let's talk about what your friends told you,  
That I'm a selfish man, woman, can't get me to  
Maybe in my past, but you changed me now  
Now that I found your love and you should have  
showed me how.

Your love's so real, I'd be a fool to play  
Play around with you, I wanna stay with you.  
You should know by now that it's gonna take  
A lot of trust from you for us to make it through.

You should know, baby, you're my angel  
Nothing's gonna make you fall from Heaven  
Girl, I'm just gonna love you, love you.

Don't listen to what people say,  
They don't know about, about you and me.  
Get it out your mind, 'cause it's jealousy

They don't know about this, dear.  
Don't listen to what people say,  
They don't know about, about you and me.  
Get it out your mind, 'cause it's jealousy  
They don't know about this, dear.

You're my angel  
I miss you  
Sing, you and me.

Don't listen to what people say,  
They don't know about, about you and me.  
Get it out your mind, 'cause it's jealousy  
They don't know about this, dear.
