Every single minute, is getting sweeter as the day goes
by
Where everything lace moves, yeah, oh
Body is first class from heaven's fall all from the sky
So lay back and relax, why I let my hands explore
Oh yeah, you like it like that, baby tell me do you want
more?
Uh, forget the bill girl, let's pro pone her
I got what you came for, yeah
Kiss and lick then switch positions
Fits prescription, body starts twiching
Loosen up and you'll begin a little stitching

[Chorus:]

I swear this loving better than your vanilla texture
Oh you feel so sweet baby girl, vanilla texture
You make me weak to my knees
Baby you're my, vanilla texture
Close my eyes and begin to enjoy this ride
Baby you're my next in line, for your vanilla texture

Ain't no need for talking, sit back and let my fingers do
the walking
Proceed your body with precaution, soft, tender loving
giving often
As your tender love begins to... oh girl you blow my
mind
Vanilla texture girl got me high
Baby that's no lie,
Oh yeah, you like it like that, baby tell me do you want
more?
Uh, forget the bill girl, let's pro pone her
I got what you came for, yeah
Kiss and lick then switch positions
Fits prescription, body starts twiching
Loosen up and you'll begin a little stitching

[Chorus:]

I swear this loving better than your vanilla texture
Oh you feel so sweet baby girl, vanilla texture
You make me weak to my knees

Baby you're my, vanilla texture
Close my eyes and begin to enjoy this ride
Baby you're my next in line, for your vanilla texture.
