We are passengers in time
Lost in motion, locked together
Day and night, by trick of light
But I must take another journey
We must meet with other names
Ooh we must meet with other names
You touched my heart so deeply
You rescued me now free me
Don't watch me cry just see me go
I'll take away the strongest feelings
You will ever know
There will be no more isolation
In our secret separation
You touched my heart so deeply, you rescued me
Now free me
We are passengers in time
Lost in motion, locked together
Day and night, by trick of light
But I must take another journey
We must meet with other names
If you hold me you will hurt me

Be brave

There will be no more isolation

In our secret separation

You touched my heart so deeply, you rescued me

Now free me

We are matching spark and flame

Caught in endless repetition

Life for life we'll be the same

I must leave before you burn me

I am the stranger who deserts you only to love you

In another life

There will be no more isolation

In our secret separation

You touched my heart so deeply, you rescued me

Now free me

I'll bear one precious scar that only you will know
