It's the ride y'all, come on we're goin? on a ride
It's the ride y'all, come on I know you wanna ride
It's the ride y'all, come on we're goin? on a ride
It's the ride y'all, it's the I.N.C. Ride

R to the I, D to the E, check out how we the I.N.C.
Get more Biz than Markie as I spark thee
Mike like lightnin?, that's frightenin?, I'm hypin?

Niggaz up, 'cause they don't know the score
Ooh here comes the roar, knock on your door
I wonder who it is and who could it be
Ain't nobody but the I.N.C.

Wit mo' soul than the Train I'm a reign
With 808 beats that hit big like Kane
Daddy, caddy, Coup DeVille, chill
Jump in my ride and slide down the hill

To see if we catch dem kids talking that was talkin? that
mess
And tryin? to impress, never the less, yo
I gotta let ?em know they can't find us, so get behind
us
'Cause we cruise in the I.N.C. Ride

It's the ride y'all, come on we're goin? on a ride
It's the ride y'all, come on I know you wanna ride
It's the ride y'all, come on we're goin? on a ride
It's the ride y'all, it's the I.N.C. Ride

From the North side to the South side
From the East side to the West side
From the North side to the South side

Ain't nobody but the A

And I'm not the one you wanna play
I'm flat like a cap on a can of flat black
Let me snap back break a niggas down with my rap

'Cause this is how we do
Who is the crew coming through with the brand new
As we flex and get fly, you cry
The roof is on fire but my name ain't Left Eye

Punks be all up on it like a Charlotte Hornet
But they full of Chicago Bull-shit 'cause they don't want
it
Ooh, don't let me sing, I'm peaking
I'm freakin?, get in that ass like a G-String

And that you don't need
We'll be blowin' up like that movie speed
Indeed you're on a ride

It's the ride y'all, come on we're goin' on a ride
It's the ride y'all, come on I know you wanna ride
It's the ride y'all, come on we're goin' on a ride
It's the ride y'all, it's the I.N.C. Ride

You're in a Corvette or a Nissan
You're in a sidekick wit your friends

You're in a Caddy, a Land Cruiser
A Range Rover, a Mustang
You're in a Burban with ten woofers
Then your system, it must bang
