[Intro: sample (Masta Killa)]

You are watching a master at work..  
(Haha, haha, yeah, haha...)

[Masta Killa]

Steppin' live in the place, smackin' blood out his face  
It's the principal, don't get it wrong  
What I do to eat, is nothing in comparison  
To what I do to keep, self up, write and exact  
Sway the mac' if I have to defend the castle  
Slang lasso, ropin' them til they recoup  
Pass the keys to the Coupe, it's cute for wiz to scoot off,  
'95 north  
Cut from the cloth of king, who bare struggle  
In this life line, theology of time  
Move with our major motion to the mic  
The recite the dart that I have written  
Light exists in the darkness, instant gratification  
How far can you travel the mic spar?

[Interlude: Bruce Lee sample (Masta Killa)]

Water is the softest substance in the world  
At yet, it can penetrate the hardest, rock  
Or, anything granite, you name it  
Umm.. water also is insubstantial; by that I mean  
You cannot grasp hold of it, you cannot punch it and  
hurt it  
(Yeah, yeah, yeah...)

[Masta Killa]

See the God light gleam so bright, I gain birth to  
That you attract you, heart so fuller  
Make you wanna pull your trigger and get rid a  
Shiny bald militant head like Lou Gassid  
He's walkin' with the shiner's lamp of knowledge  
Glory be the law, with the justice sword  
Supreme being, all I seeing, radiant son  
Imperishable absolute, ya'll salute  
Approximately three mil', bodies like an empty vessels  
I must fill, check where I came from  
Any God's son I made sun, is my son

In this scene, lesson number one, for the dumb  
If he ain't true and living, son, then I never heard of  
one  
Pack your gun, one on one, come and get some

[Interlude: Bruce Lee sample (Masta Killa)]  
Water... now you put water into a cup..., it becomes the  
cup  
You put water into a bottle, it becomes the bottle  
You put it in a tea pot, it becomes the tea pot  
Now water can flow, or it can crash..  
Be water, my friend... (yo, heh, yo)

[Masta Killa]  
Yo, I bought this eye-red, no colors allowed  
Well how then, give me a few, just listen  
Instead of wasting time, try'nna grab them back  
The dominant magnetic will always attract  
The under-life, quoting him, describe the beat  
Now Eminem, for example, just another sample  
Of your worst nightmare, coming back at you  
So beautiful designed, the places of time, to see  
Everything that has been, always will be  
Now figure out the riddle, the never ending cycle  
Born in his self, back into the circle  
I'm thankful for the blessing, testing of the lessons  
Answers and questions, trials and tribulations  
That were set upon me, it's hard for some to see  
But it's clear as day to me..

[Outro: Bruce Lee sample]  
Be water, my friend..
