She was an angel from a small town, no one knew her name

No one ever thought she'd get caught up in the game
Her momma tried to tell her, it's a cold and lonely world, yea

She was lookin' for a master, he was lookin' for a slave
he was headed for the top, she was headed for the grave

She had everything she wanted, but she had to give her
love for all the world to see

Pre-Chorus:

There's no reason, it had to end up that way
Her heart was bleeding for someone to take her away

Chorus 1:

Oooh, she's just an innocent girl
Tryin' to be a woman in a mixed up world
Oooh, now she's a woman of the world
But she'll always be an innocent girl

She had her name up in lights, she was a brand new queen

She had a tear in her eye, as she looked at the screen
Then she thought about the past, and it happened so fast

Whoa, for this innocent girl
She headed out of town for the weekend with a friend
No one ever knew she was headed for the end

They found her on a bed, a revolver in hand
Oooh, what a tragedy

(Pre-Chorus)

Chorus 2:

Oooh, she's just an innocent girl
Just a little girl in a grown up world
Oooh, now she's a woman of the world
But she'll always be an innocent girl

Chorus 3:

Ooh, she's just and innocent girl
That didn't want to be a small town girl
Ooh, now she's a woman of the world
But she'll always be a innocent girl
