The way things appear seems so  
sincere, but it's not enough.  
We make all the right moves, we say all the right  
things, but it's not enough.  
We can have all of the aces in the palm of our  
hands, but it's just not enough, no  
And the wisdom of man we think we  
understand, is not enough  
I've made up my mind to live by Your design and follow  
You.  
In my heart I can't take another day away from You,  
You've been there with me all of the time

Chorus

I'm living for You, how did I think that I could do it on  
my own,  
I'm living for You, now I know that I will never be alone.

It doesn't matter what we say, doesn't matter what we  
do...it's not enough  
I could try to obtain, worldly gain...it's not enough, no  
All the works I have done, the battles I've  
won, it's not enough.  
I could save all my money, but I can't save  
myself, it's never enough, no  
You only know how much I needed You to rescue me  
Now my life belongs to You, for all the times You've  
seen me through  
You've been here for me all of the time.

Chorus:

I'm living for You, how did I think that I could do it on  
my own,  
I'm living for You, now I'm with You I will never be  
alone,  
I'm living for You, I must be weak so I can be  
strong,  
I'm living for you, no way I can do it on my own.

I could only hang on for so long, then I realized my life  
was all wrong.  
Only by Grace can a man be made new,

I've made my Choice, and I'm living for You.

(Chorus)
