All my life, I've been lookin' for something  
Standing in line, oooh waiting for my time  
Searchin' for the real thing, it's hard to believe  
So many people that are broken-hearted, waiting to see  
I don't wanna talk about it, don't wanna play those  
games  
Those days are gone

Chorus:

I found a love that will survive, I found a love  
I found a love that lasts forever

Always the same, seldom a victory  
It's a give and take, but we never receive  
But my heart's like a fire, waiting to burn  
Like the mind of a young boy, wanting to learn

What happens to a good thing, ya know it always goes  
bad  
It's not love that I have

I found a love that will survive, I found a love, I found a  
love  
I found a love that lasts forever, a love that lasts  
forever  
I found a love

(Repeat Chorus)
