Dwight Howard on the niggas, straight to the hoe with a
team full of killers
Full of killers?

team full of killers, what?
Do shit they don't think I do, niggas so fly they don't

Like bitch what's happening, known to get it cracking
Hear about me all day hoe, you can stop the acting
Just got my pills all ready to take a flight
Took your spot and your bitch all in the same night
Like what, what the fuck? I live it up, do my stuff
Bad boy, come take a puff, of this real
On the real, my niggas kill, shit is treat
Ask meels, free my nigga though

Everything's green, so I'm fin to go sip the henny slow
Smoke poison
Bilb hit the ball, mister liquor low,
If I'm high enough, money buff, like no ask car
Bigger than a rap tard even
Ain't talking dollars then I'm leaving
Like trees in the fog, smoke trees and I ball
Hoes love when I call, cause they know it's real
Real man in town, know shaquille
