See I've been like goin' through a few minor difficulties
You know, me and my girl been gettin' into it, she done
left

I lost a few loved ones but I'm a hustler
That's why they label me a fool, ain't that a joke

Look into these eyes of a fool
See broken dreams and lonely nights
Stressed out days, TV with no antenna
Just pretend there's more losers than winners

And some times I say, "Ugh"
Just to release my damn pain
Or pick up the phone to call my grandma
'Cause she kept me in the game

Before y'all say nothin' prama
But I can't imagine life without big mama
So many snakes and killas
Jackers and piranhas

See this game got me way deep
I pray the Lord I wake before I sleep
See some say your friend be your enemy
Don't trust no one but your family

But all the love I show when I'm around
I wonder if they show us that when I'm down
See you a king when you sittin' on top
But you a fool when you finally drop

I thank the Lord for everything I got
And it's no limit till my times
Stopped

Call me a fool 'cause you can't fool me
Call me a fool 'cause you can't fool me
Call me a fool 'cause you can't fool me
Call me a fool 'cause you can't fool me

Call me a fool 'cause you can't fool me
Call me a fool 'cause you can't fool me

Call me a fool 'cause you can't fool me
Call me a fool 'cause you can't fool me

I never try to be like this
See I came up different didn't have a lot
Never had a lot of food on the table top
I know where you came from I know it was hard
For a soldier like me in the dirty south

Ran with the boys who were servin' clucks
Mashed up with my homies just to make a buck
You know where I came but look in my eyes
I hungry as hell I'm ready to die

My family's ashamed 'cause I'm caught in the game
Take me out the 9th ward and maybe I'll change
Call me a bad seed 'cause I smoke my trees
Before I brush my teeth I'm always in black ready to
ride

No Limit is my only reply
I'm screamin' it when I'm leavin' see the fire in these
foolish eyes
Don't give a damn about the Po-Po
Find a ride with my brotha on my girl then I'm solo

Ghetto vet with no authority
The President should of pardoned me
Y'all better hope I don't lose it
Jump in and act clean in palaceds sittin' on 20's and act
foolish

Call me a fool but you can't fool me
Call me a fool but you can't fool me
Call me a fool but you can't fool me
Call me a fool but you can't fool me
Call me a fool but you can't fool me

Call me a fool but you can't fool me
Call me a fool but you can't fool me
Call me a fool but you can't fool me
Call me a fool but you can't fool me
Call me a fool but you can't fool me

Call me a fool, call us a fool
But you can't fool me though, you can't fool us
'Cause we 'bout it, 'bout it and rowdy, rowdy
Told y'all it wasn't no limit, baby

We just gon act a fool then
That's what we gon do magic

Master P and Mo B. D
Some more foolish brothers
Tryna to make it happen, you heard me

Never judge a book by its cover
Represent from the 3rd to the streets
To the south to the east, to the west and to the north,
boy
Act a fool but don't be a fool about you paper, you
heard me?
