[Chorus: Mac - repeat 2X] Now when he steps on the six  
They say he did that  
Pull up in the six hundred stretch  
They say he did that  
Presidential wit them bag heads  
They say he did that  
He did that, (no limit)  
He did that.

(Mac)

I got a house with a pool in the back  
And like the girl I used to know she tried to do it wit Mac  
And even the ones with them big ol' butts  
Called them sluts when them niggas ball  
Feelin' small cause my middle finger hit y'all  
Can I ball?, let me take y'all niggas back in '96  
When I was two seconds from robbin niggas for their  
kicks shhh...  
Bustin' niggas in they shit  
Privileges from me and my niggas,  
Til this day ain't nobody seein' my niggas  
That was the night between the real and the fake  
Niggas got contender, everybody's a pretender  
Even people wit them cancer,  
Bitches in my hood yellin', "Where them dollars at?"  
"Bitch it's yours!" is what I holler back, cause I'm the  
mack  
Hey, yo Mr Big Paper, you wanna get wit that, don't  
you?  
You ol' dog, always take the girls how much I called you  
I'm a shaggy but you be tellin' them hoes happy knocky  
Know them, let them pants in too much (dunno)

CHORUS:(Repeat twice)

Now when he steps on the six  
They say he did that  
Pull up in the six hundred stretch

They say he did that  
Presidential wit them bag heads  
They say he did that

He did that, (no limit)  
He did that

(Silkk the Shocker)

When we roll up in a stretch, they be like he did that  
You know there's money involved, we gotta flip that  
Tell whodi in the back, I'm tryin' to get that  
I'm tryin' to do something to see if she's wit that  
So won't you wobble wobble  
Let me watch you shake it shake it  
Then drop it drop it, then break it break it  
I'm wit some I'll then tell them what I'm goin' to do  
Cause I'm a thug girl, even though chicks might find  
me cute  
Fake, I doubt that, me and my soldiers about that  
We cock locks and drop the top and hop about that  
Catch me ridin' up in a 4 door Bentley  
This chrome look good on 19 but even better on 20's  
Tattooed up, this is my click and we a bunch of fools  
But y'all gon floss wit your lil jewels  
And we gon make y'all put y'all jewels up  
(Bling Bling) Meal Tickets we can bet that  
Them cars too small for me and my doggs  
Them Rolls Royce stretch that

CHORUS:(Repeat twice)

Now when he steps on the six  
They say he did that  
Pull up in the six hundred stretch  
They say he did that  
Presidential wit them bag heads  
They say he did that  
He did that, (no limit)  
He did that
