This is a public service announcement for safe sex

Safe sex is what I kick
Cause you never know when you'll meet a freaky chick
Just Put a condom on your dick some like to suck ohh
Fuck!
I like it like dat but I want one lubricated the one like
Jimmy had it's so cool that's no doubt she wants to take
a
[?] she gonna have to turn it purple like the inside out.
I don't play when it comes to my D-I-C-K
I don't give a fuck
When it comes to a virgin i wear a wet suit anyway

Because ya never can tell bitches take baths in glow
rocks
so they pussy won't smell but it won't work
I never play the part of a motherfuckin jerk if I don't
love her
I wear a rubber
I keep a Jimmy in my pocket I (I got mine)
I keep a Jimmy in my pocket I (I got mine)
Safe Sex!
