## Verse 1

Hit the block sideways with the lights off  
On 23rd a young bitch about to get tossed  
Straight jocking the triple golds I was rolling on  
Car full of smoke as I tried to get my perk on  
Straight doulja, sipping on gin and juice  
Late night creeping as a motherfucker get loose  
On my way to berkley with this hoochie  
Non-stop to the motherfucking ja'causezi  
Didn't have latex so I stopped at 7-eleven  
That's when I knew the p was marked for a 211  
Hoe kept looking over her motherfucking shoulder  
black  
That's when I seen them fools roll up in the cadillac  
And like bone say them bitches holla hoo-ride  
But I ain't going out in a fucking homicide  
And the closer they got I grabbed my gauge  
Slapped the bitch, I know this shit will make the front  
page  
I'd rather leave them hoes bleeding from they ski  
masks  
Then find a p caught up in a fucking bodybag  
And most these hoes ain't nothing but sluts  
Slip a nigga that ass and die for the guts  
But I didn't panic when them hoes was riding deep  
I remained calm just like a g  
And as I break them hoes off in a silent rage  
Fish tilled back to the ritz with my 12 gauge  
Gat smoking, I ain't joking  
Left them fools on the ground face with they heads  
open  
Blood dripping from them bitches like a waterfall  
The bitch screaming, but I'm gone fuck them all  
Got some head from the bitch as I dropped her off  
To the house, nah nigga to the county morgue

(chorus x4)

You better watch your back  
Cause some of these hoes jack

Verse 2

3 o'clock on a saturday damn it is a good day  
Sunny than a motherfucker, bitches hanging out  
Clock the nice grip, hit the cut than strip  
Seen a bitch on the solo looking for this negro  
Dipped to this side got the information  
Went to call her up hooked it up  
I think she fiening for the bone  
I set it up for the nina and it's 8:53  
I hit the block up the top perking off the hennessy  
Got inside the joint, man this bitch major thick  
Rushed her to the room bounced up on the bitch major  
quick  
Busted me a quickie out of the door I'm ready to go  
Steadily creeping from the back was a bitch with the  
mac  
Put the chopper to my dome wanted my scratch and my  
? ?  
And I'm thinking to myself what the fuck's going on  
Get jacked by a bitch fuck this  
I pulled out my 80 and dumped six shots to her gut  
Before the hoe got the bitch for ? ?  
She riding in a station wagon black  
For trying to jack
