[Mia X]

Woke one morning, tears in my eyes
The feds kicked in the door and
caught me and my baby by surprise
He got high, but they didn't find no dope
They said it was conspericy just cause a hater said so
Now we might do time in the penn
But the state dont have a case
without witnesses and no evidence
So I guess once again that it's on
But I really wish the haters would just leave us alone

[Mia X]

Thinkin about you boy

Chopped up bitches in the game that was talking
But they didn't know hoes got them feds stalking
Playing peekaboo, plotting on the front door
But all the goin find is some ghetto dope
So come on, so would you just let a bitch live
Stack my ends and raise my kids
Ride my benz, flow my ice
Teaching all them ghetto bitches how to

Why yall fools trying to knock this bitch
It's the tank, so you know you can't stop this
Watch this young black family take this
