[Master P]

Told y'all I was gon' let them niggaz run that beef shit
til I get tired of it

Then I'ma put them motherfuckers to sleep - you got
them extra heaters nigga?

Let's go ride

[D.I.G.]

Who the fuck, that is, on the side of me

Yo who the fuck, that is, down to get high with me

Yo who the fuck, that is, down to ride with me

Yo who the fuck, that is, down to die with me

Yo who the fuck, that is, on the side of me

Yo who the fuck, that is, down to get high with me

Yo who the fuck, that is, down to ride with me

Yo who the fuck, that is, down to die with me

[Master P]

I'm feelin sick, I done swallowed a fuckin rock

I ain't even runnin, here comes the cops

I got my soldier gear on, and I'm motherfuckin ready

You Nightmare on Elm Street, you Jason and I'm

Freddy

We got a job to do, then it's a motherfuckin lick

Fifty G's on his ass, then it's a motherfuckin split

Me and my homies gon' smoke and when we get done
we gon' get blunted

And after we handle our business, we gonna chase
after some honies

Nobody fuckin move, nobody get hurt

Don't make me put your face on a motherfuckin shirt

I'm from the 3rd Ward, where we all crack skulls

And we don't give a fuck cause we all toss broads

Now if you snitchin, then they gon' find you in a ditch

But if you bitchin, then they gon' find you with some
dick

Nigga we Uptown, where the lights don't shine

But with the pistol, and this chrome, watch yo' ass get
blind

by these youngster that I hang with, I mean these

niggaz I sang with
We all soldiers for life nigga, we on some gang shit

[D.I.G.]

Who the fuck, that is, on the side of me
Yo who the fuck, that is, down to get high with me
Yo who the fuck, that is, down to ride with me
Yo who the fuck, that is, down to die with me

A maniac killer, I'm the nigga quick to rip it up
So buck and get fucked stuck like Chuck bitch, now that
ass is out of luck
I'm from the ruts of the city strictly ghetto born
Swoll up hard so you haters best be gone
Or he gone like that, I'm tragic on your street
I got what it take to get the glock that knock you off
your fuckin feet
I be the terror in the dark just like a thief
Releasin the beast, be deceased, all increase, uhh
T-E-C, N-I-N-E, relieves to any problem
I got the fuckin cop killers nigga you can't dodge em
Like a mirage I'm the nigga you think you be seein
I'm leavin em stinkin I'm leavin em invisible even up
when they dreamin
You don't where I went, or how this nigga gon' be on
that ass
and blast, gimme the mic, I'ma show you what I mean
froggy fat
But clean as a mouth full of Listerine
Unseen supreme the king, indisputable
Inflictin pain, even my name is immutable
My game is beautiful, fuck with me and I'll murder you

Who the fuck, that is, on the side of me
Yo who the fuck, that is, down to get high with me
Yo who the fuck, that is, down to ride with me Yo who
the fuck, that is, down to die with me
