Title: Whoadie Gone

Ugggghhhh!

[Chorus with ad-libs]

Whoadie gone, what we gon' do now

Whoadie gone, can't stop now

Whoadie gone, what we gon' do now

Whoadie gone, can't stop now

Whoadie gone, what we gon' do now

Whoadie gone, can't stop now

Whoadie gone, what we gon' do now

Whoadie gone, can't stop now

[Verse 1]

Mama cried, she'd tears

But whoadie was a dog, he never lived in fear

Real thug figure, straight hard hitter

Whoadie gone, homies pour out a lil' liquor

Can't find the killer, damn and it hurt man

Whoadie on a t-shirt, they dropped him in the dirt man

And the sister, she was trippin' man

Askin' me questions like "Who caught him slippin' man"

Where you at and who around you

I guess she ain't really know the dogs loved you

And a dog'll do anything before you fall

See you in the crossroad, we gon' miss you dog

[Chorus with ad-libs]

[Verse 2]

Same hood that you ride in

Will get you crossed up homie, you'll die in

A couple of dollars get you knocked off

They trippin' on bin Laden, what about these ghetto wars

A lil' homie ain't had a chance

They walk up to his car, killer took him and his girl man

And I wonder if heaven has a special place

If you start off wrong change ya life, do you get a break

Cause every drug dealer don't mean wrong

But narcotics in the ghetto get you scrilla home
And rappers prove their life with nouns and adverbs
Justice of the peace only happens in the suburbs
I pray you give Pac and Biggie a second chance
I wonder if my brother and nephew up there holdin'
hands
My uncle died of cancer, is he cured yet
It's a war out here, lil' whoadie took his last breath
[Chorus with ad-libs]
[Master P speaking]
I just want y'all to pause for a minute
And just light ya lighters
Cause I wanna give R.I.P. to my ghetto vets
My lil' brother Kevin Miller, I miss you dog
My lil' nephew Lance Connor
My grandfather, Big Daddy, for teachin' me how to be a
soldier
Smile for my uncle, Big Jimmy Keller Senior
Randall Watts, Bruce and Burnell
Y'all back together dog
Dodo, Alfons and Elizabeth
Papa Pen, we keepin' the legacy goin'
I know you up there smilin'
Pissy Bob, Cornell, Rabbit
M and M, Lil' Curl, Hard Trouble
Big Ed, Tupac, Biggie Smalls
Coughnut, Big Pun, Aaliyah, Baby Babe
Baby Girl, Kenny Sell, Meathead
Dip, Lil' Roger
And everybody that lost somebody
From ghettos all across the world
R.I.P. to all the fallen soldiers
Oh yeah, we ain't never gon' forget y'all
[Chorus to fade]
