"Because Of All"

Face and embrace.
When decisions lead up to consequence.
I force down the drain
Any remnants left I let slip away.

Because of all the things I couldn't say to you.
Because of all the things I couldn't say to you.
Because of all.

Give it some time. Mulling it over.
Pulling down the shades 'til the nerves recover.
You wanna know what's really bothering me?
I'm not passive aggressive, but I had to leave.

Because of all the things I couldn't say to you.
Because of all the things I couldn't say to you.
Because of all the things I couldn't say to you.
Because of all the things I should have said.
Because of all.

Give it some time.
Mulling it over.
Pulling down shades
'Til I can settle the score.
Closer, a little more.
Closer, a little more...

Face and embrace.
When decisions lead up to consequence.
I force down the drain
Any remnants left I let slip away.

Because of all the things I couldn't say to you.
Because of all the things I couldn't say to you.
Because of all the things I couldn't say to you.
Give it time, just a little closer.
Because of all the things I couldn't say to you.
Build it up just a little more.
Because of all the things I should have said to you.
Give it time, just a little closer.
Because of all the things I should have said to you.
Because of all.

Because of all the things I couldn't say to you.
