This is the city of the dead
Another life holds a dreary end
We hope, we try, we live, survive
Counting days, trying to get by

Waiting for the calling
Anticipation in the air
We only dream of difference
City sleeping, unaware

Break the silence, wake the dead
Running through these streets alone
I can't get sleep, let's break this hole
'Cause I swear and this was rather useless

I promise you, we've come this far
And I'm not stopping, I'm not stopping now
I'm not hiding in shadows
Wake up, send out, this message is clear

You said, you said, you said
This time was gonna be different
Wake up the dead
You said, you said, you said
This time was gonna be different
Wake up the dead

Drowning alive, something stirs inside, this isn't over
yet
Shake off the dirt, swallow regret
Stop living under the weight
Living under the weight of regret

Your regrets, don't lose hope, your regrets, don't lose
hope
Don't let it happen to you, don't lose hope
Which side are you gonna choose?
'Cause I believe, I believe in seeing you rise

We said, we said, we said
This time was gonna be different
Wake up the dead

We said, we said, we said
This time was gonna be different
Wake up the dead

We said, we said, we said
This time was gonna be different
Wake up the dead
We said, we said, we said
This time was gonna be different
Wake up the dead
