Anger, anger's an emotion that can turn into rage  
My mind's been on that chapter  
Felt impossible to turn the page  
Caged, mind state left me irate  
Seeing in a blind state with no sense of love  
Visions of hate towards people who's imagination led  
them to create  
The anticipation of devastation having my heart racing  
Fair, see me in this placement  
Enslaved, anxious, acting brave  
Is this how I'm supposed to behave  
The days of seeking knowledge in a cave  
Man, do you understand? Looking within, asking self

I wanted you to hear me out  
There's just a few things  
I want to talk about yeah  
It's been on my mind for so long  
And finally yeah it's coming now

I've been punished down so many times  
I feel this is my last as I lie here fading  
My memories have been invaded by the past  
Rast. I've been beaten in the past  
Have you ever had a particular feeling  
In your stomach like it's empty and you need feeding  
Whilst a preceding of beating is taking place  
And people are screaming 'allow it' just leave him he's  
bleeding  
Just leave him  
Whilst watching another human being getting beaten  
for no reason  
By the fact he's achieving  
I feel sad every day I can't let them know I'm grieving  
I'm lying to myself, AKA I'm deceiving  
Have you ever felt so alone?  
You cried tears when you on your own  
I'd rather hang myself than be alone  
God take me away so I can feel at home  
Come on
