Refrain:
I got to give it up, I got to give it up
I got to give it up, I got to get away
Give it up, I got to give it up
I got to give it up, I got to get away
Gimme what you want, gimme what I need
Gimme what you want, but I got to get away
Gimme what you want, gimme what I need
Gimme what you want, but I got to get away
Get away, get away....
Rap 1
Our love is out of sight,
no matter if it's wrong or if it's right
this ain't no matter for frightning people
get this in your head tonite
I loved you once a long time ago
but times are changin' fast
you asked me once you asked me twice
but still I will say no
Stop - I gotta getaway
no more words for me to say
my love for you is dead and gone
you'll leave this place all alone
Your body and your fingers touched

they drove me once insane
but now I tell you that's the fact
I got to get away
Rap 2
Sorry for this hurting statement
I feel burn out to the ground
no more compromise at all
can bring me back around
Hearts are burning everywhere
but now you've killed the flame in mine
the lightning in my feel is off
can't have more of my time
Dreams of life time love
seem good to you but not to me
you say you'll love me all your life
this can't be - can't you see
Stay 'til the break of dawn

kiss me, hug me on and on
you will see next day
I got to get away
