Earth has burst  
Mountain flames  
Moon beheld  
Father snake  
Mind control  
Has left its nest  
Shame on  
Bulls roar loud  
The fearless fall  
Wooden vessel  
Broken wings  
Caught my killer  
In my grave  
Shame on  
Eyes of grace  
Kill again

Trapped in maze  
Trembling fear  
Head scorched brow  
Perish the land  
Shame on  
A vast calm wilderness  
The call to adventure comes  
Lead and land atop this rock  
Infinite path carved with unrivaled skill
