Tonight you're letting go, under the burning glow  
We're too young to hold this all on our own  
All that came and went riding them by the winds  
Blowing through the trees, you could feel it on your skin

Walking the lost streets, no one ever shares  
Cry yourself to sleep, waiting on a little prayer  
Bags are by the door, hearts are on the floor  
There's a bottle of tears on the dresser drawer

Nobody knows the trouble we've seen  
And nobody knows the price of this dream  
And nobody knows what it took to believe  
Nobody

She wants to be free, like a runaway, ay ay ay  
Trying to believe, gonna find a way, ay ay ay  
We got just one life, tonight we're running all the lights  
Trying to break free, like a runaway ay ay ay

The road below our wheels, all that we fought to heal  
You close your eyes and cry, dying for the right to feel  
I hear it coming down, oh the sweetest sound  
Of forgotten tears falling on the solid ground

Nobody knows the trouble we've seen  
Nobody knows the price of this dream  
And nobody knows what it took to believe  
Nobody

She wants to be free, like a runaway ay ay ay  
Trying to believ3e, gonna find a way ay ay ay  
We got just one life, tonight we're running all the lights  
Trying to break free, like a runaway ay ay ay

Oh oh oh oh  
Oh oh oh oh

We're singing "How did we get this far riding  
on a shooting star?"  
It's like flying on the wings of God

She wants to be free  
Like a runaway ay ay ay  
Trying to believe, gonna find a way ay ay ay  
We got just on life, tonight we're running all the lights  
Trying to break free, like a runaway ay ay ay ay ay
