Says she likes me to all of her friends
Cold Shoulders what she pretends
I buy Americano every Morning
Rings me up and winks with no warning
At the park with nobody else
Purple boots and her basquiot belt
Lights up when she sees my faces
Turns red as she's turning away

All I ever know baby
All these games that you're playing
You keep driving me crazy
Gonna get there get there

She got the honey and I got some money to buy her a
big bouquet
She got the loving leaves me with nothing I just don't
know what to say
Well I'd beg, steal and borrow if tomorrow she'd stay
She got the honey I don't think it's funny that she keeps
walking away
Back to the beginning

Saw her down at the de la show
Walking in looking down at ther toes
Tall like a flower on the wall
High heal stealing looks across the hall
I step up she's turning real red now
Deep breath how you doing wow
Caught you catch the corner of my eye
She got a call gotta go goodbye
We're gonna get there get there

She got the honey and I got some money to buy her a
big bouquet
She got the loving leaves me with nothing I just don't
know what to say
Well I'd beg, steal and borrow if tomorrow she'd stay
She got the honey I don't think it's funny that she keeps
walking away
Back to the beginning

It's amazing that I could be standing tall
It's like a million lightening bolts
When she walks right through the door
Crazy every little way I come crashing down
We're gonna get there get there
