And You woke the morning up  
Running off my darkest night  
The longest fight I've seen  
Here goes a chance I know  
Cashing in on all my chips  
Let all my ships come fly

These days, a little bit longer than the last  
And all of your ways, a little bit stronger than the past  
And all of Your light, found my bottle in the night  
Gave me second life, You kept me in this fight

And I won't back down  
And I won't turn around and around  
And I won't back down  
Doesn't matter what comes crashing down  
I'm still gonna stand on solid ground

And You found me once and for all  
I laid it down in the sinking ground  
The hopeless undertow  
Singing out the gentle sound  
Rattling through my smoking screens  
My broken dreams last night

These days, a little bit longer than the last  
And all of Your ways, a little bit stronger than the past  
And all of Your light, found my bottle in the night  
Kept me in this fight and gave me second life

And I won't back down  
And I won't turn around and around  
And I won't back down  
Doesn't matter what comes crashing down  
I'm still gonna stand on solid ground

And I sing Hallelujah ripped through my veins  
Heard the hammer drop my blood in the rain  
Sing Hallelujah came like a train  
When all is lost, all is left to gain

I won't back down

And I won't turn around and around  
And I won't back down  
Doesn't matter what comes crashing down  
I'm still gonna stand on solid

And I won't back down  
And I won't turn around and around  
And I won't back down  
Doesn't matter what comes crashing down  
I'm still gonna stand on solid ground

Hallelujah  
Hallelujah  
Hallelujah  
Sing Hallelujah  
Sing Hallelujah  
Hallelujah
