What would you say if I asked you not to go?
To forget everyone, forget everything, and start over
with me?
Would you take my hand and never let me go?
Promise me, you'll never let me go.

And now the stars aren't out tonight,
But neither are we to look up at them.
Why does hello feel like goodbye?
These memories can't replace,
These wishes I wished and dreams I chased.
Take this broken heart and make it right.

I feel like I lost everything when you're gone.
Left remembering what it's like
To have you here with me.
I thought you should know,
You're not making this easy.

I never thought I'd be the one to say
Please don't, well please don't leave me.

I feel like I lost everything when you're gone.
Left remembering what it's like
To have you here with me.
I thought you should know,
You're not making this easy.

You're not making this easy (easy, easy, easy...)

Take my hand and never let me go,
Take my hand and never let me go,
Promise me...
You'll never let go
Never let go
Never let go
You'll never let go
Make this last forever

I feel like I lost everything when you're gone
Left remembering what it's like to have you here with
me

I thought you should know, you're not making this easy

You're not making this easy

You're not making this easy

You're not making this easy

You're not making this easy

I'll fall asleep tonight, 'cause that brings me closer to
you.
